1. In accordance with [REDACTED] request that the Dulles chrono files be reviewed and that all papers and correspondence pertaining to [REDACTED] be pulled and forwarded to his office, the following is set forth for your information.

2. A review of all the remaining chrono files produced negative results. I therefore reviewed, in addition to the chrono files, all folders bearing a miscellaneous subject title and all material dated prior to 1950. Papers pulled as a result of this latter review are enclosed in the attached envelope. In addition, I have attached to each group of papers a 3 x 5 card denoting the file folders from which the papers were pulled.

3. A review of the files for papers pertaining to Messrs. Adler, Cowles, and Luce during the period 1946 thru 1950 was negative with the exception of a congratulatory letter from Mr. Adler to Mr. Dulles dated November 8, 1946. The letter was in regard to Mr. Dulles having been awarded the medal of merit.
